Deutsche Bank - Global Transaction Banking

Deutsche Bank's Global Transaction Banking (GTB) is a world-class provider of Cash Management, Trade Finance and Trust & Securities Services for corporate clients and financial institutions around the globe. The whole spectrum of innovative and market-leading transaction banking products are promoted by a skilled sales force and serviced by a dedicated team of client service professionals on the ground. While operating a truly global business, GTB also leverages close partnerships with colleagues across the Bank to optimize opportunities for clients.

Cash Management offers a complete range of services to handle the complexities of global, regional and domestic cash management, including electronic banking, paper and electronic payments and collections, liquidity management, electronic bill presentment and payment, as well as information and account services. Actively pursuing increased client transaction volumes enabled the Bank to maintain its unique position as the only clearer in the world with top positions in the three major currencies: #1 in euro (RTGS+/Target/EBA), #5 in US dollar (CHIPS) and #7 in the British pound (CHAPS). Accordingly, Deutsche Bank is well-positioned as a key provider of global consolidation services.
